

A professional recording studio with a large mixing console, speakers, and microphones. The room has a brick wall and several large speakers. The text "Album Score Prediction" is overlaid in the center.

Album Score Prediction

Analysis by Vittorio Scacchetti

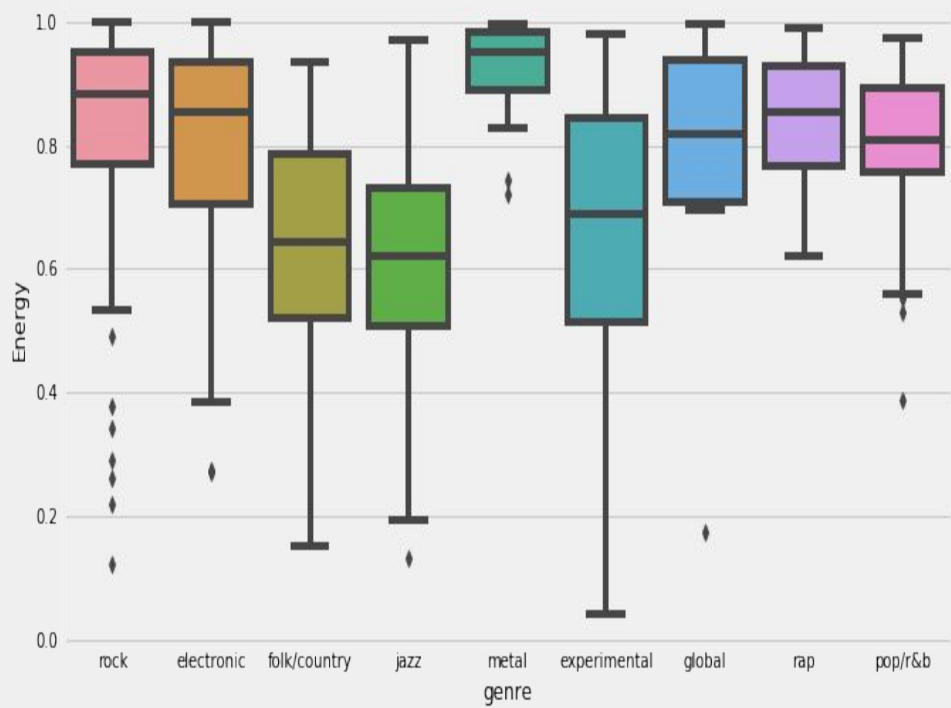

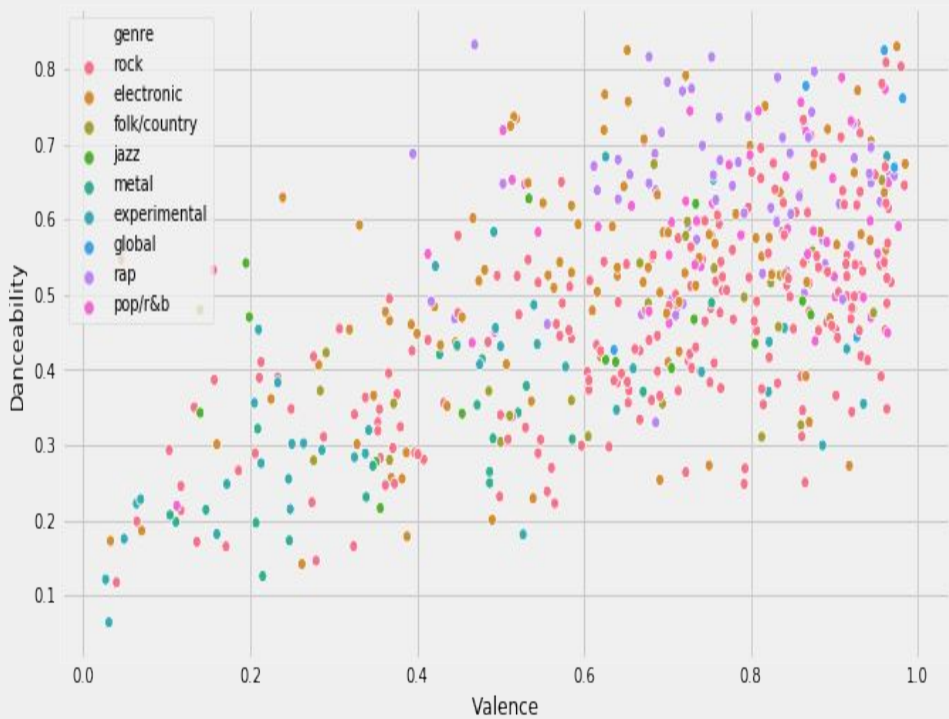

Chart topping songs make a lot of money.

So why not try to write a hit?

Spotify is the biggest streaming platform for music, with access to audio information perfect for an analysis that goes beyond traditional music theory and songwriting techniques.
